SUMMARY

Dedicated Web Developer with a passion for building responsive and user-friendly applications. Proficient in modern web technologies, dedicated to building scalable and high-performance applications with a strong focus on user experience. Enthusiastic about staying ahead of industry trends and best practices to create seamless digital experiences.

SKILLS

Frontend : HTML, CSS, JavaScript, React, Angular, Bootstrap

Backend : Node.js, Express.js, REST API

Database : MongoDB

Tools & Others : GitHub, Postman, Redux

EXPERIENCE

ME(A)RN STACK TRAINEE
Luminar Technolab :   [MAY 2024 - DECEMBER 2024]

- Built multiple full-stack applications using MongoDB, Express.js, React,Angular and Node.js.
- Developed a user authentication system with JWT for secure login/logout.
- Integrated REST APIs for fetching and managing data, optimizing API response time by 20%.
- Created a responsive UI using Bootstrap & React, improving accessibility and user experience.
- Worked with Git and GitHub, following industry-standard version control practices.
- Implemented state management using Redux, improving data consistency and performance in complex applications.

PROJECTS

HOMECHEFS   [DECEMBER 2024]

- Built a full-stack web app using MERN stack with user authentication, CRUD operations, and real-time notifications connecting home chefs with customers for seamless meal ordering and delivery.
- Implemented secure authentication and order management, ensuring user privacy and a smooth transaction process.
- Optimized scalability and user experience with real-time notifications, payment integration, and a responsive interface.

EDUCATION

Bachelor of Computer Application (BCA)   - 2021-24

GEMS ARTS AND SCIENCE COLLEGE , RAMAPURAM

CGPA : 6.108
